

MALASPINA COLLEGE

COLLEGE BULLETIN NO. 17

28TH MAY, 1970

Dr. Opgaard and the College Council have asked me to pass on to you their wish that you enjoy a rewarding, relaxing and restful summer.

A great deal has been accomplished since the pipe-fitters, plumbers and electricians left, and you were at last able to get down to the real business of the college; and your efforts resulted in a most satisfactory and successful year.

My best wishes to you also.
