10. C.U.S.O. & INTERNATIONAL DEVELOPMENT EDUCATION SERIES.

C.U.S.O. Development Education (Canadian University Service Overseas) is launching a third world film series in Nanaimo.

As part of C.U.S.O.'s role in International Development, development education seeks to raise the awareness of Canadians on problems, root causes, and possible solutions regarding the vast global inequalities that exist.

The series will attempt to air the problems, causes, and suggest how Canadians can become involved in eradicating these inequalities. By communicating information about the Third World not normally available through other sources, it is hoped that Canadians can better choose the direction that Canada is to take, with respect to Canadian foreign policy as well as internal policies that affect the lives of all Canadians.

The series is open to all at no charge. The first of the series will occur on Tuesday, October 28th, at 7:00 p.m. in Room 180 at Malaspina College, Kennedy Street Campus.

A meeting to discuss the forming of a standing Committee on Third World Development within the community will be held at 7:00 pm., Monday, October 27 (the day prior to Mr Keighley's presentation), in Room 180. Interested persons please attend.,
