5. 1976-77 CALENDAR

Planning for this publication is now under way. I would like to include as many photographs as possible of College activities during the current year. With this in mind, I would welcome suitable contributions from faculty, staff and students. A number have already appeared in the local press by such well known names as Dave Smith, Ed Sutherland, Anne MacMillan, Rob Van de Wetering and John Fairfield, and I would like to think that there are a number of others who could contribute. All appropriate black and white prints will be considered and should be brought to my office as soon as possible.
