C: Hi, I'm Chevy. Laurence Cheveldayoff. We're right next to the Gideon booth. We've been here since morning. And we hand out different kinds of testaments and bibles. We work all across Canada and into the world. If I had a picture to show you, you could see all the pictures we have. However, we have a little book that we're handing out to Glaspel and Shawn and on it is a cover and a heart. And every one of those symbols represents something in Canada. And I tell people 'if you find something good that doesn't fit, I'll cut it out of my t-shirt.'
