

Part 1-

H: Hello, my name is Amanda. I've been here for almost 15 years. I, first time I came to Canada. I was international student. I just totally fall in love with this country. So peaceful, so beautiful, especially the island. You know, and after I finished school, I decided to make this to my home. And got married, have kids and enjoying this beautiful place. And right now, I have a beautiful daughter and every of us, my whole family, my parents, they all came to Canada and we definitely love this place. We call, this is our home right now. And Canada is I have to say, I feel so lucky. We got the chance to come to Canada and this is the best place on Earth. I guarantee it. If you haven't been Canada, come over, check it out. You'll love it for sure. And you know what? This is my home forever, ever, ever. Thank you.

Part 2-

H: Another thing is, I want to say is, the Vancouver Island Regional Library is a great place for kids and we definitely benefit from it a lot. I remember our, before we moved to our new house, our old place was across street from the Country Club library, which is a great place. I remember my daughter was like only 4 months old, we started going to the Country Club library. So this place is definitely brings a lot of memory and a lot of librarians there, they see my daughter grow up. And every time, even right now when she go in and they still say 'hi' and you know, just surprised how little my daughter can grow like this big already. Time flies, you know? I really happy today I can be here and see this, the grand opening of Country Club library and good luck. I, we love it. Thank you so much. Thank you.
